

15m-24 Curriculum

WATCH ME GROW!!

STORY TIME

Interactive story time facilitates interest in literacy into motion. Fundamentals are taught for social and physical development. Children are introduced to math, science, literacy, cognitive skills, and listening skills are practiced.

OUTDOOR PLAY

Development of large motor skills, eye hand coordination and the proven benefit of extra oxygen intake to promotes more brain power. Running, riding age appropriate sized tricycles, playing in manual powered cars, climbing, and ball play are all fun outdoor activities that foster toddler overall growth.

ART

Creativity, color recognition, organization, ability to make choices, sequencing are developing through free art using hands, fingers, feet, toes, food, and other mediums. Enjoying yet another avenue for self-expression and communicating.

CENTERS

Environment is everything for toddlers and teachers. Appealing areas of play include cardboard blocks, large interlocking structures, manipulates, art, housekeeping, quiet zone, and dramatic play with their friends.

POTTY TIME

Understanding their body's needs and recognizing private body functions. Individual hygiene habits are a basic necessity for independence. Every child is different and their toilet readiness.

RELIGION AND JESUS TIME

Toddler-friendly religion is incorporated into every aspect of the day. Daily prayer is another opportunity to talk with Jesus.

MUSIC AND MOVEMENT

A natural way of expression provides an inner feeling to be shared and received. Exciting curiosity through rhythm aids in processing, memorizing, speech development, and following directions.
